## Profile

Computer Science undergraduate skilled in **web development** and **data analytics**, with experience in React, Django, FastAPI, and Power BI. Proficient in building scalable applications and deriving insights using Python (Pandas, NumPy, Seaborn), with a strong focus on creating efficient, data-driven, and user-centric solutions.

## Projects

CampABridge Nov 2025

- **Tech:** React, Fastapi, MongoDB, Gemini API.
- Developed a platform that fosters mentorship, enables career development, and strengthens community engagement between students and alumni.
- The system creates a **symbiotic ecosystem** where students gain industry insights while alumni contribute by mentoring and sharing experiences.
- Provides a **unified platform** integrating networking, a knowledge hub, career tools, and campus utilities in one place.

Mobile Sales Dashboard using Power BI Apr 2026

- Developed an interactive **Mobile Sales Dashboard** in Power BI to analyze sales trends and customer behavior
- Cleaned and transformed data using **Power Query** for accurate and consistent analysis
- Created dynamic visualizations (KPIs, charts, slicers) to deliver actionable insights
- Applied **DAX** and enabled drill-down/filtering for detailed performance analysis

## Courses

Core Java Sep 2024 – Apr 2025 | Indore  
*Programming World*

## Skills

| Languages                               | Web-Development              | Databases                          | Libraries & Tools                    |
|-----------------------------------------|------------------------------|------------------------------------|--------------------------------------|
| C++, Java, Python, JavaScript, React JS | HTML, CSS, Tailwind, FastAPI | MongoDB, MySQL, PostgreSQL, SQLite | Pandas, Numpy, Seaborn, PowerBI, Git |

## Education

B.Tech - Computer Science and Engineering Jun 2023 – Present | Indore  
*Indore Institute of Science and Technology*
